

COURSE INFORMATION SHEET

TITLE: Infection Prevention & Control

OVERVIEW: Infection prevention and control measures aim to ensure the protection of those who might be vulnerable to acquiring an infection.

CPD: Approved for 2 CPD points

PRICE: £25.00

CERTIFICATE: Downloadable

COURSE AIM: This course will start by defining infection prevention and control and explaining the impact of good and bad infection control. It then goes into detail about the legislation that applies to infection control, the different types of microorganisms, how bacteria are transmitted, the chain of infection, and much more.

COURSE CONTENT:

- The Different Micro Organisms
- How Bacteria are Transmitted
- The Chain of Infection
- Control & Prevention of Infection
- Cleaning & Decontamination

ASSESSMENT & CERTIFICATION: Learners are assessed through self-checks as they progress through the course and an end of course multiple choice assessment. On successful completion, learners can download a CPD accredited certificate as evidence for their portfolio of CPD training.

ACCESS: This online course can be completed on any PC or mobile device. Learners can study at their own pace and log in and out as often as they wish

FEATURES: The course includes varied learning styles including interactive quizzes, video and audio features. Allows learners to work at their own pace, testing their knowledge as they progress through the course.
